

CAPABILITY STATEMENT

CYBERSECURITY TRAINING • CONSULTING • ASSESSMENTS

MS CYRIGO is a Cyber security organization changing the way the world views risk, intelligence, and governance. Our training will mobilize the cyber workforce with the knowledge and tools needed to mitigate risks and close security gaps.

As a Small Business our multi-faceted professionals serve with integrity and commitment to excellence. We provide innovative and reliable cyber solutions for our Federal clients. Our mission is to combat cyber attackers, prevent data breaches, and improve your agency's security posture.

What sets MS CyRiGo apart from the competition?

- 15 Years of Experience in Cybersecurity & Networking
- Information Assurance & Technology Expertise
- Integrated Security Solutions
- Strategic Blend of Cleared Certified Personnel
- NIST, ISO, GDPR, etc., Compliance Experts
- PearsonVUE Testing Center Capabilities

Core Competencies

Our cyber experts design and implement solutions, coach/mentor trainees, and provide consultative services in the areas of:

- Cyber Security Training
- Risk Assessments
- Cyber Security
- Audit and Compliance Assessments
- Business Continuity and Disaster Planning
- Security Awareness Training

Past Performance

- Served as a proxy CSO/CISO to provide an Executive level perspective on erecting a comprehensive cybersecurity program for clients. Set priorities across Technology programs and manage Security Operations for clients. Enforce policies and regulations related to Governance, Risk, & Compliance (GRC-defined mandates).
- Responsible for the CEMA courses and student performance via TRADOC-approved Instructional methodology to include 350-2 (Staff and Faculty Development Training), 350-5 (Ft Gordon Academic Practices), and 350-22 (Test Control Policies and Procedures) in support of U.S. Army CIO-G6. Collaborated with CLC staff and cadre to create new courseware that met IAT and IAM Level I, II and III per DoD 8570.01-M or current regulation. Developed new course materials to be used in all CLC IA related training according to IAW TRADOC Regulation 350-70, as determined by COR.
- Launched the deployment of a financial network and managed the End-to-End (E2E) integration of various payment systems that interfaced with the Central Bank of Iraq and Iraqi banks. Supported local national contracts generated out of Central Contracting Command (C3/JCC-1) Iraq.
